DELEGATES FROM BRITISH EMPIRE FORESEE SUCCESS

Balfour Issues Statement on His Arrival

(By The Associated Press)
WASHINGTON, Nov. 10.—Delegates of the British Empire approach the armistice and Far Eastern conference "in a spirit of confidence and high resolve," the acting head of the delegation, Arthur J. Balfour, declared today upon his arrival in Washington.

To one side of the throng that rolled ceaselessly by the flag draped casket, a second unending ceremonial of honors for the dead went on. There great men, gathered in Washington to deal with great affairs, came humbly to place wreaths and roses at the bier. There came comrades, limping from wounds that brought them down in France. There came gray-haired veterans of old wars, ambassadors and the ministers and the special envoys of governments around the world.

There came, too, black gowned women, many bowed and gray with age and sorrow and wearing in pride the golden star that tells of a son who died over there. As the hours moved by, the vast reaches of the chamber seemed all too small to house the growing mass of flowers. As each cluster was set in place, roses that blossomed in France or England, that bloomed in Canada and South Africa, peeped that thrust up their slender stems thru blood-drenched Flanders' fields; and flowers of every color and hue that blossom under American skies—the air grew heavy with fragrance.

Night had fallen before the soldiers and their comrades met in the hall of the capitol. They were gathered in the hall of the capitol, the stream of humanity that continued its measured flow. Another moment in its great hour of all things that were made for the unknown who is known to all the nation by his death.

Commander Asks Legion to "Carry On" in Message

WASHINGTON, Nov. 10.—Commander MacNider of the American Legion has addressed the following Armistice Day message to all departments, posts and members of the Legion:

"In our celebration of Armistice Day it is fitting that we pause and do honor to the heroic dead, those glorious sons of ours who made this day possible; one of rejoicing for the whole world. November 11, 1918, should not mean the end of our service to our country, but the beginning. We of the American Legion have pledged ourselves to those buddies of ours who will never come back to carry on the battle for the principles for which they died. We feel that would be their wish and our inspiration shall be the thought of them and those of our comrades who are disabled and sick and who must live the war forever.

"If the Legion is to be a real power for good in America, we must put behind it the same high, fine, unselfish spirit which characterized these men's service. If we can do that, and we owe it to them to do it, no man need ever fear for the future of America."

PREPARATIONS ARE COMPLETED FOR CONFERENCE

Representatives of the Great Powers Ready for Opening

(By The Associated Press)
WASHINGTON, Nov. 10.—The great powers completed their preparations today for the conference on limitation of armament.

Tonight their representatives, laying by the role of negotiators, set aside as a period of mourning for America's soldier dead, the hours remaining before the conference assembles on Saturday. The last of the major delegations was completed by the day's arrivals who included Arthur J. Balfour, head of the British group until the coming of Lloyd George, and additional delegates from New Zealand, Australia and Italy.

Welcomed with all the ceremony that can attend the advent of a distinguished spokesman of a great power, Mr. Balfour reached Washington declaring a conviction that the conference would accomplish an historic advance in international amity.

Only the delegation from Portugal, which is to arrive tomorrow, was missing tonight from the roll of those who will face each other about the conference table when President Harding makes the opening address on Saturday.

Notable among the day's conferences among the representatives of the individual nations, was a meeting of those who will compromise the second line of representation for the United States, the advisory committee named by President Harding to advise and assist the American delegates. The committee completed its organization by the authorization of six sub-committees to act as interpretative agencies for American public opinion on the questions before the conference.

RIVER OF HUMANITY FLOWS PAST BIER OF AMERICA'S HERO

Lasts from Early in the Morning Until Far Into the Night—Is Likened to the Life Blood of the Nation Itself—People Present from All Walks of Life, But Americans All

(By The Associated Press)
PITTSBURGH, Pa., Nov. 10.—Declaring that Armistice Day should be made sacred thruout the civilized world, Marshal Foch here tonight gave out a message to the American Legion, a message which, he said, applied to everyone who took part in the world war or whose relatives served in it.

"It is out of sacrifice and suffering that the greatest things in life grow," said the message. "No man ever gave up a part of himself in a great cause, but that his sacrifice was rewarded a hundred fold in moral and spiritual blessings.

"Our hearts pour out in sympathy to the mothers, wives, fathers, sisters, brothers of those brave soldiers who made the supreme sacrifice in the world war. Our prayers go up in unison for those men and at the same time we worship their memory.

"Armistice Day, the eleventh of November, should be made sacred thruout the entire civilized world. It is the day when we think of the noble sacrifice made by the hero dead, of the brilliant records of duty well performed left on the field of battle by the wounded; of the spirit of patriotism and bravery shown by those who, fortunately escaped shot and shell.

SIX ARE BURNED WHEN FIRE STARTS IN SUBMARINE L-6

Flame Belches from Craft As it Races to Shore

(By The Associated Press)
LOS ANGELES, Cal., Nov. 10.—Fire broke out in the forward compartment of the submarine L-6 today while the craft was ten fathoms below the surface of the sea on a test run from San Diego to Los Angeles and 15 miles from the latter. Six members of the crew and the commander, Lieutenant M. V. Stonestreet, were either seriously burned or overcome by smoke and gas.

The cause of the fire had not been determined tonight. Only a hard fight and a quick rise to the surface saved the lives of the 21 men aboard the undersize craft. Several men were overcome fighting the fire before the forward compartment was locked. When the craft reached the surface, all the crew able to get above were ordered to the deck and a 15 mile race for the shore and safety was commenced. Gas and flame belched from the open hatches as the boat drove ahead.

Other naval vessels hurried to the rescue as the submarine entered San Pedro harbor, which is the port of Los Angeles, but she continued with unchecked speed until the submarine base had been reached. There sailors, with gas helmets, went into the hold and carried out the injured. They were taken to the naval base hospital for treatment.

WHY THE FIFTH ANNUAL RED CROSS ROLL CALL?

The war program of the Red Cross both nationally and locally was a great emergency program called into being by most direct crisis the world has ever seen. With its background of forty years of splendid service, the Red Cross met its task with the aid of many thousands of volunteer workers.

Meantime hitherto unknown problems and conditions had been revealed. The soldier must be aided; he must be given all that his service has justly won for him if disabled, he must be given a chance to learn a trade fitted to his condition; his morale and that of his family must be kept up, and so thru the war and thru the past three years of reconstruction the Red Cross has stood by the soldier.

The war brought out very appalling conditions of physical unfitness due both to lack of training in health and of improper social surroundings. As a consequence there came into being the great health program of the Red Cross—a program to raise the standard of health in every village and hamlet in the country and to put around the children of today environment that will make for better manhood tomorrow. With its chain of chapters building up in rural communities over

the country better health and better social conditions, the Red Cross becomes in its peace time program of far-reaching and fundamental benefit to the community.

As during the war, it needs volunteer workers but it needs in addition the highest type of trained workers. Morgan County Chapter has launched its peace time vision thru a trained social worker and Red Cross nurse. It has done and will continue to do, as long as needed, the soldier job. It will stand by him and his family thru its Home Service section. It has given service to 862 ex-service men and their families during the past year. Thru its branches scattered over the county, Morgan County Red Cross is now working for betterment of social welfare in the rural communities. In this aspect it is giving an entirely new service to the county.

Nursing service in rural communities thruout the county is now established. During the seven months since the county nursing program was started 1,371 children have been examined in fifty schools. Follow-up visits have been made and in many cases conditions leading to ill-health have been removed or alleviated.

Morgan County Chapter is promoting a program of far-reaching value to the entire county. The Fifth Roll Call is needed to help carry thru another year this constructive program for better health and welfare in our county and aid to the soldier and his family in both Jacksonville and the county.

A NATURAL SPECTACLE

TO THE WORLD WAR BOYS

Two huts are being erected on the square one on the east side and one on the west. They are meant for imitation huts, like those of the shacks the brave boys in the World War sometimes occupied. Many sacks of sand are piled about them just as was the case abroad and to make the affair complete Salvation Army lassies will dispense free to all Civil War veterans, veterans of the Spanish and World War, doughnuts today.

The Star Service Legion, successors to the World War Mothers, will supply the material and the Salvation Army lassies will hand it out and the hearts of many noble boys who served abroad will beat quicker as they see the lassies and enjoy the coffee and doughnuts.

HARVEST FESTIVAL IS GIVEN AT WINCHESTER

Event Given by Department of Woman's Club Was a Great Success—Funeral of Mrs. John Kuck Largely Attended—Other Winchester News

Winchester, Nov. 10.—The harvest festival given by the household science department of the Woman's club in the Christian church basement Wednesday evening was a very successful event. The room was beautifully decorated with autumn foliage and flowers. Sandwiches, pie and coffee were served during the evening. There was an auction of wheat, oats, pumpkins, corn, potatoes and other farm products, together with canned fruit, and the prices for all these were very satisfactory. As a result there is a very tidy sum to be used in beautifying the park.

The Julian Wells post of the American Legion is making extensive plans for Armistice day celebration tomorrow. There will be a two days' carnival, with various features of special interest to the members and their families and friends.

Funeral of Mrs. Kuck The funeral of the late Mrs. John Kuck was held from the late residence on Wednesday afternoon in the presence of a large company of relatives and friends. A quartet including Mrs. Ada Lankford, Miss Louise Frost, J. C. Moore and Rev. W. R. Johnson, sang "Beautiful Isle" as the opening number. The Scripture lesson and prayer were by Rev. W. R. Johnson, and then the quartet sang "Nearer My God to Thee." Then Rev. Mr. Johnson delivered a brief sermon and offered a prayer. The quartet sang "Asleep in Jesus," as a closing hymn.

There were many beautiful flowers and these were in charge of Misses Anna and Mardell Dodson, Lucille Hazelrigg, Len Hardy, Bessie Kuck, May and Marian Southwell.

Interment was in Winchester cemetery and the pallbearers were James, Joseph and Milton Hazelrigg, Paul Green, Frank Adams and Elmer Hardy.

The deceased was one of the well known residents of the community and the members of her family have the sincere sympathy of all in this hour of bereavement. She was a devoted mother and her first thought was ever for the welfare of her loved ones and friends.

Death of Mrs. Knapp

The death of Mrs. Elizabeth Knapp occurred at the home of her daughter, four miles southwest of Winchester, recently. The deceased was aged ninety-two years, eleven months and twenty-seven days at the time of her death. She came to Illinois in 1842 and since that time resided in Scott county. She was united in marriage to James R. Knapp in 1845, her husband preceding her in death a number of years since. They were the parents of ten children, those living being John H. Knapp, of Kansas; Mrs. S. A. Goings of Roodhouse; Josephine, living at home; Mary Savage, Pasadena, Tex.; W. E. Knapp and Mrs. Eunice Tankersly, Winchester. Mrs. Liberty Tomlin, Jacksonville.

The deceased was a member of the Methodist church in early life and later became a member of the Baptist denomination. She was a faithful Christian and a woman of many fine traits of character.

She is survived by fifty grandchildren, eighty-six great grandchildren, eight great great grandchildren and a host of other relatives and friends.

The funeral services were held Tuesday at the Sand Ridge Baptist church, in charge of Rev. W. R. Johnson.

WERE MARRIED HALF CENTURY SINCE

Mr. and Mrs. George W. Swales Will Observe Golden Wedding Anniversary Today.

Fifty years ago this morning George W. Swales and Ellen A. Rogers wended their way to the Wabash depot, and responding to the conductor's call, "All aboard!" went to Quincy, Ill., crossed the river and landed in West Quincy, Mo., where they were married by Justice G. W. Holt.

To say that Justice Holt tied the traditional knot very securely is putting it mild, as witness that the knot is as tight today as it was on November 11, 1871—fifty years ago—with no indications whatever of its coming untied. Throughout this long term of years Mr. and Mrs. Swales have experienced smooth sailing on life's sea, and their married life has been one of rare happiness and contentment. Mr. Swales considers himself fortunate in having had such a worthy and efficient helpmate during the intervening years and hopes to have her for years to come.

They have one son, Clyde, who is giving them all the comfort and pleasure he can in their eventful life. They have resided in their present home on North Prairie street for about forty years.

Mr. and Mrs. Swales are proud of the fact that their wedding anniversary comes on Armistice day—the great day on which the leaders of the warring nations assembled and signed the armistice and the glad tidings flashed that the war, which exacted for its toll, the lives of thousands of our boys while engaged in the great struggle for human freedom.

ILLINOIS COLLEGE MEETS EUREKA TODAY

Undeclared Team Appears on Illinois Field—Blue and White Determined Put Blot of Visitors' Record—Game at 3 O'clock.

This afternoon at 3 p. m. the undeclared Eureka college football team will line up against the Illinois college team in what promises to be a desperately fought contest. The Blue and White players are determined to put over the first win against the Eureka team which boasts a number of stars among its players.

Beach, playing at guard, was selected a year ago as one of the two all-conference guards. He lives in Ashland, where he is prominent in American Legion circles. A number of his admirers from there will be present this afternoon to see him perform.

Solomon, captain and center of the visiting team, comes from Palmyra, Whittier, the big hard-hitting, plunging fullback, is a Girard man, as is Driver, who plays alongside Whittier in the backfield. Driver is a classy kicker. He drove two over the goal in the Eureka-Normal game and one in the game against Hedding college last Saturday. Reid, the colored halfback, is an excellent open field runner and in addition, he hurls forward passes in fine style.

With such classy performers on the visiting team the Illinois players realize that they have a real battle on their hands this afternoon.

The probable lineups are as follows:

Mellon..... RE Dennis Ribelue..... RT Baker Gunn..... RG Beach W. Roberts..... C Solomon (c) Weber..... LG Jones Reid..... LT Ziegler Witaschek..... LE Wroughton Cully (c)..... QB Neuman Thurmon..... RHB Reid Burrus..... LHB Driver Rogers..... FB Whittier Referee—Millard, Illinois Wesleyan.

Umpire—Muhl, U. of I. Head linesman—Larson, Moline high school.

Our store will be closed all day today account Armistice Day.

SHANKEN'S

ADJUTANT GENERAL TO GET RECORDS

Commander of American Legion Suggests That Facts Should be Ready for Use in Application to Compensation Legislation.

There is evidently some prospect that the compensation bill for ex-service men will be enacted. At least this thought is given emphasis from the fact that W. R. McCauley, Illinois commander of the American Legion, has issued a letter directed to local posts on the subject. Reaugh Jennings, adjutant of the Legion post here, yesterday received the communication which reads as follows:

"To enable the adjutant general to get records of the State of Illinois concerning service men and women corrected, so that there will be no delay when our compensation bill is approved by the majority of voters in the State of Illinois, all posts are urged to assist the adjutant general's office in bringing his files up to date, so that there will be no delay in paying this compensation."

Mr. Jennings will order the necessary blanks and the members of the post will co-operate in the endeavor to secure payment to the ex-service men promptly if the proposed bill becomes a law.

Do You Know of Any Disabled Veteran

who has not received the help the Government is ready and eager to give him?

The American Red Cross wants to help the Government find every last man who is suffering on account of his war service on sea, in field or in camp.

It wants to help such a man fill out his compensation, hospitalization and vocational education papers for action at Washington; it will follow up his claim; it will help him get ready for the hospital; it will give him encouragement and recreation while he is at the hospital; it will give neighborly, unobtrusive aid to his family while he is gone; in a thousand ways it will be his true friend and counselor.

And when you know that this one activity of the Red Cross costs nearly four million dollars more than the aggregate receipts of the years' membership dues, you certainly will not only help it find and help these disabled men, but you will renew your membership and see that every last member of your family is enrolled.

Your Red Cross can carry on only through your support!

Cook Dinner
Thanksgiving

For something particularly appetizing to eat, you need no longer hunt a restaurant. You can have the most tasteful foods at your own home table — not just occasionally, but every day.

Every woman has fine recipes, and most women mix ingredients as accurately as the best of chefs. But when it comes to cooking—that's where the professional chef has won out.

But, not so any more—the

LORAIN
OVEN HEAT REGULATOR

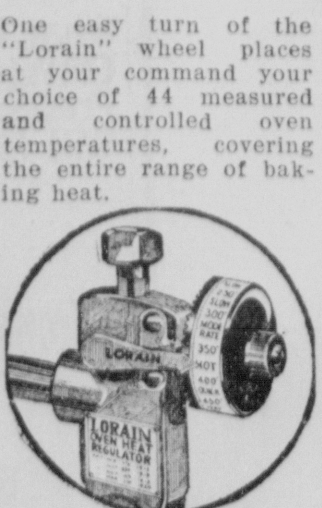

takes the guess and the gamble out of home cooking. It is absolutely accurate and reliable; cooks without mistakes. It needs no watching. Every bit of food is properly cooked. It gives exact results every time. Every meal becomes a delight to your appetite. The world's best chef cannot beat "Lorain" home cooking.

When she has a "Lorain," that good woman who is so eager to please you with her cooking, can cook an entire meal—steak or roast, fish or chicken, vegetables, dessert—all at one time and with the same sure success that she can cook the simplest single dish. And she need not once look at the oven until serving time.

No More Oven Watch-
ing and Guessing

The "Lorain" ends her days of guessing, worry and oven-slavery. It eases her muscles and nerves and proves to her that the joy of living is not idle talk.

Wonderful, simple, accurate, sure — that's the "Lorain." We can't begin to tell the whole story here. But we have a book, "AN EASIER DAY'S WORK," written especially for you. Simply call for your copy.

BUSINESS FOLLOWS ECONOMIC LAWS

C. D. Hardy, Representative of Swift & Co., Points to Lack of Confidence as Basic Trouble

"The Condition of Business" was the theme for a most informing address made at the luncheon of the Kiwanis club at the Peacock Inn Thursday noon by C. D. Hardy of the public relations department of Swift & Co. President F. E. Farrell introduced as a new member of the club, Fount Andrews, Jr. Guests of the day were William Robinson, W. D. James, Carl York, and A. M. Masters, of Jacksonville and Mr. Olinger, of Franklin.

Mr. Hardy said that present business conditions are not surprising if the facts are studied. Conditions move according to economic laws and when prices go up to abnormal heights they are very certainly coming down. Continuing his discussion of the subject, Mr. Hardy said:

"When are we going back to normal? By normal we mean that economic situation where returns to the industrial trio, capital, labor and producer of raw material, are on an equitable basis. In other words, on a basis of equilibrium.

"To answer that question, it may be worth while to consider one or two others. When are we going to get a return of confidence as between the public and business institutions? Confidence is no theory, no mere sentiment. Confidence is the word

we use to express a fundamental relationship in the social order.

Need for Confidence. "Where there is no confidence as between the units of society, civilizations perish. Where there is no confidence, men do not buy and sell except on compulsion. Nothing just now is more important than that we, as a public, understand that business and business men to be successful must be efficient, must serve and must perform a valuable function in social well being.

"Where business institutions have developed and have continued their existence through a series of years there is ample evidence that they have done so because they were needed as a part of the economic order. Before we lost confidence in them, it is important that we base our judgments upon accurate information and never as a result of the emotionalism of war.

"But our getting back to normal depends a good deal upon what the world does. Whether we like it or not, we belong to an international economic unit. The price of wheat is established at Liverpool, England because Liverpool is the market center for this world commodity. What happens in the markets for meats and for cotton and petroleum may not be so completely influenced by world conditions as in the markets for wheat, but there is no escaping the fact that world conditions very materially affect these basic commodities.

Readjustment, But How?

"It is important, moreover, to recognize that, in this present business depression, there is a very decided lack of economic equilibrium as between the producers of raw material, the men who furnish the capital, and the workers who draw wages. The raw material men are back nearly to a pre-war basis. Manufactured goods are not. Returns to labor are not upon a pre-war basis. When are we going to get anything like equal earning power between these groups? That is a question that we cannot escape. Just how this readjustment is to be brought about, no man can definitely say. Readjustment will take time, and because it will take time there needs to be patience, steady work, hope and courage.

"Putting faith in legislative regulations, political nostrums, or any 'hand-me-down' schemes of business readjustment, instead of working in accordance with sound business principles, never will help to get us through the present period of depression. You cannot regulate property into existence. Men are doing the best they know to conduct their business successfully. Do not throw a legislative monkey wrench into their thrashing machine. Economic ill yield only to treatment based upon principles that human experience has proved to be sound. No amount of criticism and agitation and theorizing will change this."

COUGHS

SO SOON

Yes, so soon, and it is a wonder that coughs haven't been with you before. Safe to say you were no more prepared this year than you ever have been before. Still if you had only had a bottle of our cough remedy on hand and were able to take a dose at once, you might have stopped that cough that lasted so long. If the cough has not yet gone get a bottle of **Spruce Gum Cough Syrup** today. It will take the cough away right away. As a means of protection, it is likewise a good investment. You might have another cough so be prepared the next time.

BUFF RETAINS BANTAM TITLE

By Associated Press.
NEW YORK, Nov. 10.—Johnny Buff, world's bantamweight boxing champion, retained his title tonight by obtaining a judge's decision over Jack Sharkey of New York at the end of their 15-round bout in Madison Square Garden. Beaten in a number of the earlier rounds, Buff started a winning offensive in the twelfth round and by the power of his hitting turned the tide against the Italian-American. Buff opened the fight with a rush but Sharkey's well placed blows slowed him up for a while. He was staggered by Sharkey's blows on numerous occasions but recuperated quickly.

Sharkey had the better of five rounds, six went to Buff and four were even. Buff weighed 114 pounds and Sharkey 116½.

IMPRESSIVE EVENTS FOR ARMISTICE DAY

Program Will Open With Moment of Silent Prayer—Big Parade Plans Perfected—Afternoon Program at High School.

Only favorable weather is needed to make the Armistice day parade an event of surpassing interest. The boom of a cannon in Central park will be heard at 11 o'clock this morning. Then in compliance with the proclamation of President Harding there will ensue a two minute period of silent prayer. This observance will be country wide.

Immediately following this period of prayer, the parade will move, the line of march to be as already announced. Stanley Wright, chairman of the parade committee, stated last night that in order to make possible the movement of the parade as scheduled it would be necessary to have the public square, West State street to Church and East street to Clay avenue free from automobile traffic, from 9:30 o'clock until after the parade has moved. Orders to this effect have been issued to the police department.

Hundreds of school children carrying flags will have their part in the parade and are to form on the north side of West State street west from Fayette street. All other organizations are to form on streets leading into West State street. The Jacksonville and Woodson bands combined into one organization will head the parade and the Illinois college band which is this year larger and better than ever before, will have its place leading the Illinois college contingent.

The members of the parade committee have been very much gratified to find the enthusiasm with which individuals and organizations have entered upon the parade plans. The costumes arrived yesterday for members of a drum corps, three of whom will represent "The Spirit of '76," three appearing as Spanish War veterans and three in the uniform of world war veterans. Many other special features are promised for the parade and very extensive preparations have been made to participation on the part of Jacksonville State hospital and Illinois School for the Deaf.

The afternoon program will be at 2:30 o'clock at Jacksonville High school. The big auditorium has been handsomely decorated by a committee of which William Foreth is the chairman. Dr. B. S. Carpenter of Peoria, who is to make the address, is a speaker of wide renown.

VAUDEVILLE AT GRAND

STUDENTS GAVE ENTERTAINMENT

High School Classes Put on Stunts in New Auditorium—Many Clever Takeoffs Given.

The freshmen, sophomore and junior classes of the High school gave an entertainment last night for the senior class in the high school auditorium. The entertainment was the prize awarded to the senior class for having the highest average of students subscribing to the J. H. S. Exhaust, the school paper. This was one of the features of a subscription campaign that has been going on for some time.

Each class put on some stunt as their share of the entertainment, and they were all well carried out, showing that a lot of work was done to make the affair a success.

The first stunt was a takeoff on the usual pep meetings, all of the characters being girls. Miss Tilton, one of the faculty, was the yell leader. She led her cohorts in several weird yells and called on the members of the team for their usual speeches. Coach Mitchell, impersonated by Miss Leonard, brought the house down with his usual eccentricities. Another member of the faculty identified with the second team, Dwight Freeman, was impersonated by Miss McClellan.

The next stunt was some chorus singing by three boys and six girls. The music was very pretty but was interrupted now and then by the untimely mirth of the audience at the antics of Tommy O'Brien who was holding down one end of the line of songsters. Then came an interesting story of how true love never runs a smooth course acted in pantomime behind a screen. The prominent features of this stunt were an irate parent, tears and the man and the maid.

Several beautiful tableaux followed, with charming costumes and some very good music. There were scenes depicting "When You and I Were Young Maggie," "Just an Old Fashion Garden," and also a far-away looking Indian maiden who now and then lifted her arms in mute appeal to blue skies.

The last stunt was put on by the freshmen and introduced Prof. John Bolman, the noted hypnotist, and his able assistant, Mr. Ralph Cowgur. After due deliberations and solemn psychic tests, six subjects for the professor's skill were lined up on the platform. They were promptly put to sleep and made to do all manner of silly things from making orations to acting like monkeys. This last required very little acting.

All during the entertainment yells were given for everybody in sight, and the students displayed enough pep for six schools. After the program Mr. Shafer made some facetious remarks concerning the nature of the refreshments about to be served in the cafeteria, after which the seniors were allowed to pass out first so as to be sure to get something to eat. The eats consisted of ice cream sandwiches and suckers and marked the conclusion of one of the liveliest and best stunts of the year.

You will enjoy the program. Playhouse tonight.

Rout vs Franklin tonight, at Liberty Hall.

It was the most successful bazar that the ladies have ever conducted.

This prize was very valuable and was considered the main attraction of the bazar.

C. J. Deppe & Co.**SAYS ITS WORTH WEIGHT IN GOLD**

Every Bone in His Body Ached Before He Got Tanlac Says Chicago Man.

"If every run down suffering person in Chicago knew how much good Tanlac has done me there isn't a one who wouldn't think just as I do, that it's worth its weight in gold," said George Box, a retired railroad man, while discussing the medicine at the Y. M. C. A. Hotel recently.

"For twenty years I was troubled with indigestion and got so run down that I would have given a fortune to get back on my feet in the shape I am since taking Tanlac. I had suffered so long and tried so many different medicines without results that I thought relief was impossible. I suffered so bad from sour, gassy, upset stomach that I actually dreaded to eat anything. There was a pressure of gas around my heart that almost cut off my breath. I also had rheumatism and it seemed to me that every bone in my body ached clean to the marrow. My back and head ached terribly, my nerves were all unstrung and sound sleep was out of the question.

"One day I was telling my troubles to a neighbor and he said, 'try Tanlac, it's wonderful.' So I did and it has saved the day for me at a cost too small to mention. I feel just about as strong, active and well now, at the age of sixty, as I did at twenty-one. I realize the value of Tanlac more and more every day I live to enjoy the good health it has given me. I have picked up fifteen pounds in weight and feel like a different man."

Tanlac is sold in Jacksonville by J. P. Shreve, druggist, and by leading druggists everywhere.—Adv.

Armistice Day will be observed in all of the public schools beginning at 10:30 according to the proclamation.

Previous to this time educational exercises on the meaning and significance of Armistice Day will be held in the various schools.

The children of the public schools have been invited by the committee in charge of the parade to become one of the marching units. This invitation has been extended to all children above the third grade. Provisions have been made whereby these children will be equipped with flags and it is hoped that each parent will make it possible for his or her children to take part. This, however is voluntary.

The regular city teachers' institute will be held in the high school building Saturday, Nov. 12, from 9 to 11. The session is divided into three parts. At the first session Supt. Perrin will present a paper on "Best Principles Applied to Public School Procedure" and will further discuss "Evidence of Direct Instruction."

The second part of the session will be given over to special sections consisting of Art, Music and Junior and Senior High school discussions.

The third part of the program consists of a set of demonstration lessons. There will be a spelling lesson from the fourth grade showing the direct method of teaching. This will be conducted by Miss Laurie, Washington school. A muscular movement writing demonstration will be conducted by Miss Ellingson of the high school. A physical training demonstration with Junior High school pupils will be conducted by Miss Ethel Wylder, supervisor of physical training.

TOO MUCH OF A GOOD THING

"It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse I concluded it was too much of a good thing. On the advice of my druggist I tried Mayr's Wonderful Remedy, and am now entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

Step on the Bear-Cat's Tail

You'll think they shot you out of a rapid-fire Hun-silencer.

The folks that taught this Bear-Cat to jump knew some tricks. There's GO in the Bear-Cat's sinews. When he talks to your motor, something happens.

Bear-Cat plates are porous, so that the electrolyte gets at all the active material all at one swipe. They're strongly hand-pasted, so that the active material stays and wears and lasts.

The separators are of specially treated Port Orford cedar—very porous. That helps to get the action.

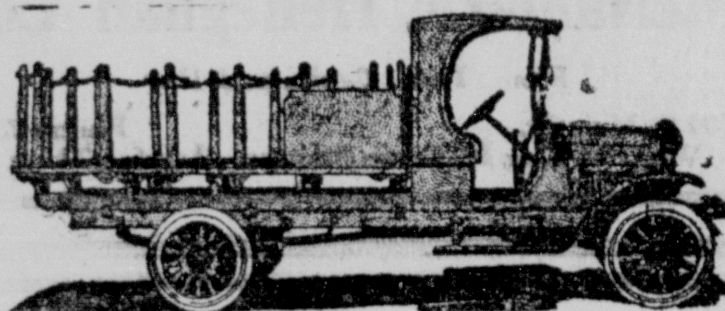

All current-carrying parts are oversize, too.

The Encyclopedia Britannica, Ninth Edition, on page 527 says:

"According to French official reports, artificial butter goes much further as food than the genuine article, and forms a perfectly wholesome dietetic material. There can be no doubt that a pure, sweet fat, such as is manufactured by the process of M. Megemouries, is a safer and more wholesome article than the unsavory rancid butter which is sold so freely among the poorer classes."

The Margarine mentioned as being so worthy by the standard of all authorities, the Encyclopedia, was discovered in 1871. For forty years The John F. When you buy Calumet you know that it will produce pure, sweet, and wholesome bakings. You know that you use less because it contains more than the ordinary leavening strength.

Buy it—try it—be convinced.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

CASH GRAIN REPORT

By Associated Press.
CHICAGO, Nov. 10.—Cash sales
here today were 37,000 bushels
of wheat, 320 bushels of corn, in-
cluding 132,000 bushels to ex-
porters and 37,000 bushels of
oats. It was estimated that a
good trans-Atlantic business in
Canadian wheat and corn had
been done, but no actual figures
were given out.

In the corn market here there
was a good inquiry from the sea-
board, three brokers having firm
bids. Reports were in circulation
that Greece had taken 10,000 bar-
rels of Canadian flour and was
after 10,000 barrels more.

Vessel room was chartered for
150,000 bushels of corn at 1¢ to
Buffalo.
Premiums on cash wheat were
somewhat firmer here and at
Kansas City.

MATERIAL SETBACK IN VALUE OF GRAIN

By Associated Press.
CHICAGO, Nov. 9.—Material
setbacks in the value of grain
took place today largely as a re-
sult of the government report
showing a huge supply of old and
new corn. The close in wheat,
altogether unsettled, was 1 to 1½¢
lower with December \$1.04; to
\$1.043 and May \$1.093 to \$1.094.
Corn lost 1½ to 1¢ and oats 4
to 5¢. Provisions finished
10 to 3¢ down. With record
breaking farm reserves of corn
officially confirmed, bearish sen-
timent as to all grain appeared to
have developed to a considerable
degree. This circumstance was so
noticeable that in view of five
days preceding advance many
deemed it prudent to realize
on their holdings. Despite con-
tinued dry weather in the south-
west and general falling off in
receipts, buying power dwindled
and the surplus offerings in the
pit proved hard to digest. Bulls
were further handicapped by
word of general rains in Australia
together with advances that the
recent failure of an importing
house at Milan, Italy, was on a
large scale involving considerable
wheat thought for December-Jan-
uary shipment. Wheat grown in
Canada continued to monopolize
new business with Europe and
closing prices here were only a
moderate reaction from the low
point of the day.

Enlarged country offerings of
corn were reported and it was
predicted that receipts would in-
crease after November 20 when
reduced freights go into effect.
Oats were governed by corn.
Provisions were weak in line
with grain, temporary advances in
the value of hogs being ignored.

BRADSTREET'S WILL SAY THIS WEEK

By Associated Press.
NEW YORK, Nov. 10.—Brad-
street's this week will say:
"The outstanding features in
trade and industry this week
aside from the very general inter-
ruption to business by holidays,
have been a livening up of retail
trade due to cold weather and the
disposition manifested by the rail-
ways to come into the market for
car locomotives and rails.
The bulk of the improvement
in retail buying have been shown
in the northern tier of states, the
south reflecting little of this and
in addition feeling the depressing
influences proceeding from a fur-
ther decline in the price of cot-
ton. For this latter development
growing belief in a larger than
predicted cotton crop is mainly re-
sponsible."

"While the south's great staple
has declined to the reverse has
happened in wheat which after
breaking thru the dollar mark has
risen 1½¢ again. The stock mar-
ket has shown continued strength
and bond dealings are reported
active."
